

REMARKS

The Office Action dated June 2, 204 has been received and carefully studied.

A claim for priority is filed herewith.

The Examiner rejects claims 1, 6, 7 and 10 under 35 U.S.C. 102(b) as being anticipated by Allen, U.S. Patent No. 5, 739,964.

By the accompanying amendment, claim 1 has been amended by incorporating therein the limitations of claim 2. Claim 2, rendered redundant by the amendment, has been cancelled. It is believed that the amendment overcomes the rejection.

The remaining claims are believed to be allowable by virtue of their dependence.

The Examiner's indication that claims 2-5, 8 and 9 contain allowable subject matter is noted with appreciation.

Reconsideration and allowance are respectfully requested in view of the foregoing.

Respectfully submitted,
